

CALIFORNIA CLAIMS CONTRACTED UNDER COLONEL
FREMONT.

LETTER

FROM

THE SECRETARY OF WAR,

ON THE

Subject of claims in California contracted under Lieutenant Colonel Frémont.

DECEMBER 15, 1854.—Laid on the table and ordered to be printed.

WAR DEPARTMENT,
Washington, December 12, 1854.

SIR: I have the honor to inform the House of Representatives that I have this day transmitted to the Senate the report of the Board of Officers appointed under the sixth section of the army appropriation act, approved August 31, 1852, for the examination of claims contracted in California under Lieutenant Colonel Frémont in 1846-'47. The report contains all the claims which have been submitted to the Board up to the 5th instant.

Very respectfully, your obedient servant,

JEFF'N DAVIS,
Secretary of War.

Hon. LINN BOYD,
Speaker of the House of Representatives.

OFFICE OF THE BOARD FOR THE EXAMINATION OF CLAIMS CONTRACTED IN CALIFORNIA UNDER LIEUT. COL. FREMONT, NEAR THE CORNER OF F. AND 22D STREETS,

Washington, D. C., December 5, 1854.

To the Senate and House of Representatives of the United States:

The Board of Officers of the army, appointed by the Secretary of War, under the sixth section of the act making appropriations for the support of the army, for the year ending June 30, 1853, approved August 31, 1852, (see accompanying document marked A,) has the honor to submit the following report of its proceedings, since the

report of the Board submitted (through the War Department) to the 33d Congress, under date of March 13, 1854. (See Senate executive document, No. 49, 1st session, 33d Congress, page 2.)

Since the date of that report additional claims, amounting to one hundred and four thousand eight hundred and eleven dollars and thirty-two cents and five-sixths of a cent (\$104,811 $32\frac{5}{6}$) have been received for examination. Testimony has also been received in relation to claims then held suspended, as well as those since received.

In all cases held suspended at the date of its latest report, the Board desires that the present report may be considered as superseding that heretofore made.

The total of the claims presented for examination to this date amounts to nine hundred and sixty thousand six hundred and fourteen dollars ninety one and one-third cents (\$960,614 $91\frac{1}{3}$.) Of this sum, one hundred and forty-nine thousand two hundred and thirty-six dollars and a half cent (\$149,236 $00\frac{1}{2}$) have been paid, or are yet to be paid, at the treasury, Congress having appropriated money for that purpose on the recommendation of the Board; eight thousand one hundred and twenty-nine dollars and forty and one-third cents (\$8,129 $40\frac{1}{3}$) are allowed and recommended by the Board to the favorable consideration of Congress; one hundred and fifty-seven thousand three hundred and seventeen dollars and sixty-five cents (\$157,317 65) disallowed; three hundred and seven thousand nine hundred and twenty-seven dollars and thirty-four and a half cents (\$307,927 $34\frac{1}{2}$) suspended for want of testimony or explanation; one hundred and eighty-six thousand five hundred and nine dollars and fifteen cents (\$186,509 15) ruled out as not coming within the letter of the law for examination—although a large part of this sum, one hundred and fifty-five thousand six hundred and fifty-seven dollars and fifteen cents, (\$155,657 15 .) the total of claims, numbers 222, 229, 281, 305, 306, and 307, ought to receive the scrutiny of the Board; three thousand six hundred and ninety-five dollars and thirty-six cents (\$3,695 36) ought to be paid at the treasury without further legislation, perhaps have been paid, never requiring the action of the Board nor the special legislation of Congress for settlement; and one hundred and forty-seven thousand eight hundred dollars (\$147,800) have been withdrawn, and in certain cases the claims submitted in another form, and at reduced rates. (See accompanying document marked B, being a schedule of all the claims presented, with the action of the Board in each case.)

Excluding the amount of the claims withdrawn, and including in the amount held suspended the amount of the claims *ruled out*, but which would require further legislation to bring them before the Board, it will be perceived that more than one half of the whole amount submitted is held suspended for want of testimony or explanation. In this connexion the Board renews its recommendation—twice before presented to Congress—that the power and the means be granted to enable the Board to investigate in California, where only it can be done to advantage, the claims now held suspended. The interests of the government not less than simple justice to honest claimants demand this.

It will also be perceived, that while the Board has in many instances recommended payment for all the articles proven to have been fur-

nished or taken, it has reduced the amount to be paid for them. In arriving at this conclusion the Board has been governed by the prices paid by the disbursing officers of the batallion, who made purchases and payments during the period embraced by these claims, and by the due bills and receipts given by them and others for similar articles purchased or taken during the same time.

As stated in its latest report, the following scale of prices appearing to the Board not only equitable, but liberal, as compared with the actual transactions which occurred while the batallion was in service, was, after due examination and deliberation, adopted by the Board on the 3d of January ultimo, and has governed it in its recommendations to Congress in all the claims before it, where a different valuation was not satisfactorily established, viz:

Horses, first quality.....	\$30 00
Horses, second quality.....	20 00
Horses, third quality.....	10 00
Horses, where the quality is not stated.....	25 00

Cows, first quality.....	10 00

Saddles, bridles, and spurs.....	41 00
Corn, per fanega.....	3 00
Wheat, do.....	3 00
Beans, do.....	3 00
Barley, do.....	3 00

Some of the claims presented are based upon *due bills* given by *Major Jacob R. Snyder*, quartermaster of the batallion, agreeably to "vouchers rendered." Upon application to the major for the "vouchers," he forwarded to the Board, in December, 1853, "all the papers in his possession" relating to his duties as a disbursing officer of the batallion. Amongst the papers thus transmitted were found the "vouchers" referred to in his *due bills*, which have been withdrawn from his papers and filed with the claim, although it will be seen that the accounts are receipted, as if the amounts had been actually paid by him at the time.

There are many similar accounts, also receipted, among the papers submitted by Major Snyder.

By an examination at the treasury it was ascertained that several claims which had been presented to the Board for examination had already been paid, and vouchers passed to the credit of the disbursing officer at the treasury. It is possible that some of those allowed by the Board have also been paid; to guard against their being paid a second time, the Board recommends that *all* of the claims when presented for payment be examined by the proper Auditors of the treasury, and compared with the accounts of the battalion which have been adjusted there, before payment on them is made.

There is a class of claims which the Board cannot now but *rule out* under the letter of the law, which it is highly probable was intended to be included when the law was framed; it is for *destruction of property by the enemy, occasioned by the occupancy of the claimant's premises by American troops*. Special legislation would be necessary to embrace this class among the claims to be examined by the Board, which is recommended. It is also recommended to embrace in the law any cases for examination that may be presented for *destruction of the claimant's property by order of the commander of the American forces*.

For a special report on each of the claims presented to this date, see the accompanying document, (a book,) marked "*Register of California Claims, 1846-'47*," which contains a copy of each claim, with the evidence in the case.

In conclusion it seems proper to remark, that in all cases where a claim, or any part of it, has been recommended to the favorable consideration of Congress, the vote of the board has been unanimous.
